President Todd Dawson said the purpose as set forth on the agenda of the meeting was to review and approve the Operating Reserve and Replacement Fund Budgets. However, the Landscape committee asked to bring three items to the Board's attention. Although the items were not on the agenda due to the nature of the items the Board believed they could be considered an emergency as they dealt with infestations and fungus and decided to hear and act on the committee's recommendations.

## Landscape Committee Issues:

Dave Vieceli reported on the following topics:

- White Fly: The Ficus tree by Estero has White Fly and should be taken care of quickly so as to prevent spreading of the insects as they have started to spread to our palms. Lance has quoted \$1,900.00 to cut down and stump the 2 Ficus trees. Secondly, we received a quote of \$1,225.00 to inject the palms for protection of the palms against insect damage. As a third item, fungus has returned to the several areas of the palms that should be quickly addressed so as to prevent spreading. The cost to remove the affected areas is \$150.00 per (3) area. Todd Dawson moved and Lloyd Shroyer seconded to remove the 2 trees for \$1,900.00. Motion carried. Todd Dawson moved and Steve Walz seconded to inject the palms for \$1,225.00. Motion carried. Todd Dawson moved and Steve Walz seconded to remove 2 or 3 clumps of fungus for \$150.00 each. Motion carried.

With the emergency matters brought to the Board's attention by the Landscape Committee addressed the meeting returned to the budget approval.
